SPORT HAS THE POWER TO CHANGE THE WORLD

Enduring Belief

Paralympic sport has the power and a platform to engage, inspire and challenge inequality. We aspire to amplify the influence sport has to create positive social change.

We believe that sport and society need to evolve to be more inclusive and collaborative; to live and reflect

the Australian values of equality, mateship, and a fair go - for everyone.

Remarkable Paralympic moments inspire trust, pride, and respect; they bring us together, catalysing conversations and telling powerful stories from diverse role models.

OUR TIME IS NOW

**We have an opportunity
to use the power of
sport to shift society
and inspire a nation.**

The Brisbane 2032 Olympic and Paralympic Games offer Australia the opportunity to 'win big' – to win on and off the field of play. Imagine what we can achieve if we plan for the most inclusive Games the world has seen. Imagine the impact we can have for athletes, volunteers, spectators and broadcast audiences, and the impact towards a future where everyone is valued.

Paralympic sport challenges mindsets and assumptions about what people with a disability can achieve. We have the platform to visibly model what systems and structures founded on the principles of universal, inclusive and accessible design can look like – and the positive social impact they can have for all Australians.

This Strategic Plan aims to ensure engagement, collaboration, alignment, accountability and role clarity across the sport ecosystem. To drive change and create a future where everyone is valued, we will bring together the sport ecosystem, to share their lived experiences, ideas and aspirations.

With a 10-year runway to Brisbane 2032, this is the moment to imagine what is possible, to imagine what it could look like to win big.

We see this as the catalytic opportunity to unite, inspire and motivate Australians for generations to come...where inclusion is a way of life.

Our time is now.

OUR PURPOSE

We exist to lead
Paralympic sport
and create a more
inclusive world.

VALUES

> BRAVE

We set and chase bold and ambitious goals. We challenge the conventions and the perceptions that give rise to inequality and threaten to hold our movement back. We have the real conversations.

> LIMITLESS

We believe that humans have limitless potential to grow, achieve and change. Casting aside misconceptions and inherent bias will unleash the limitless potential of people with a disability and the Paralympic movement.

> TENACIOUS

We live our purpose and pursue our vision with passion and determination. We commit to continuously learning, growing and treating challenges as an opportunity to show our ingenuity and grit. We can do hard things and we have the tenacity to be the best at what we do. We don't settle, we strive.

> PROUD

We are proud of who we are and what we do. We stand up and fight for our movement and what we believe in. We will rise up together, strong as a community and connected through our Mob identity. Purpose. Excellence. Community.

OUR VISION

To create the most successful era of Paralympic sport in Australia's history.

> AMBITION ONE > AMBITION TWO > AMBITION THREE

A world-leading and equitable sport system.

Remarkable Paralympic performance.

Our Team is a source of Aussie pride and a force towards creating a more inclusive society.

“

I'm such a proud Paralympian. I'm proud of my disability. I love being disabled. It's the best thing that ever happened to me and I didn't always feel like that. The thing that saved my life was the Paralympic Games.

OUR GOAL FOR 2032

OUR ROLE IN THE AUSTRALIAN SPORT SYSTEM

Australia's High Performance 2032+ Sport Strategy recognises that we have one of the greatest opportunities in Australian sporting history to unite and connect Australians like never before.

Paralympics Australia (PA) will play a leading role. We have a platform over the next decade to build and deliver an equitable, inclusive and sustainable sporting system. And it's bigger than this.

We have a platform to lead positive social change throughout Australia via greater representation and participation opportunities for people with a disability. After nine months of consultation on what this change could look like with our System Partners across sport, three things became clear:

1. There is a shared aspiration to unlock this once-in-a-generation opportunity
2. There is an acknowledgment that it will take a collective and collaborative effort
3. PA needs to lead the change for Para-sport

As custodians of the Paralympic Movement in Australia, we commit to being brave in our advocacy, our decision-making and in our planning. We commit to being tenacious in addressing inequity in service of the limitless potential within our Paralympic movement and the wider disability community.

We know that success on the podium not only drives national pride; it will also drive the necessary social change for a more inclusive Australia.

OUR COMMITMENT

TO THE AUSTRALIAN HIGH PERFORMANCE 2032+ SPORT STRATEGY

Australia's High Performance Sport System is a large and complex network of partners. Paralympics Australia, in its leadership role within the sport system, aims to promote and foster collaboration, alignment and accountability. Paralympics Australia was a key partner in the co-design of Australia's High Performance 2032+ Sport Strategy and as a signatory, is fully committed to the execution of the plan.

OUR COMMITMENT TO WIN WELL

> WIN WELL PLEDGE

We commit to being an organisation that strives to win well, where how we win is just as important as when we win.

We commit to the holistic development of our athletes and our staff, recognising wellbeing as the foundation of sustainable success.

We commit to leading sport with integrity, where we are accountable for the culture we foster and the decisions we make.

We commit to acknowledging and learning from Aboriginal and Torres Strait Islander Peoples and their cultures, and to walk together as we embed their knowledge and experience into our organisation and build a greater sense of belonging and connection to communities and country.

We commit to a culture of challenge and care so our athletes and staff can perform at their best and reach their potential.

We commit to creating safe and thriving environments for our people to fail so they can learn, grow and succeed.

We commit to being custodians of sport and building a legacy where sport is more inclusive and representative of the diversity of Australian communities.

We commit to Win Well.

OUR COMMITMENT TO ADDRESS INEQUITY

We can create change, but we cannot deliver this transformation alone. It will take a collective commitment to evolve our sport system.

The Brisbane 2032 Paralympic Games is a catalyst and accelerator for inclusivity and changing perceptions for people with disability.

We know that of the 4.3 million Australians with a disability, only one in four participates in sport, while three in four want to participate. We also know that of the 2.1 million Australians of working age with disability, just 48% are employed, compared with 80% of people without disability. People with disability are also less likely to be employed on a full-time basis than people without disability.

When this level of disparity exists in society, it is reflected in sport too.

The Green and Gold Runway is the opportunity to realise Ambition #1: A world-leading and equitable sport system. Significant underinvestment in Paralympic sport is evident, compounding the additional barriers and costs

faced by Para-athletes to participate or progress along sport pathways. Acknowledging the inequity, new and increased levels of investment are essential for an equitable sport system in Australia.

The Brisbane 2032 commitment is to improve access to sporting facilities for people with a disability. Paralympics Australia will advocate for purpose-built Para-sport facilities which are essential for elite high-performance success and community sport participation. Australian sporting infrastructure must be accessible and built with universal and inclusive design principles. This benefits athletes, fans, volunteers and employees, enriching both the Games experience and the enduring legacy for the community.

The Brisbane 2032 Paralympic Games present the opportunity to support the ideal of a truly barrier-free society. By 2032 we can create a more inclusive world for people with disability, through sport, education, employment and accessibility. Together we can create an equitable sport system, challenge stereotypes, transform attitudes and celebrate remarkable achievements.

AUSTRALIA'S FAVOURITE SPORTS TEAM

The Australian Paralympic Team is Australia's favourite sports team, achieving the highest ever score for emotional connection of any Australian sports team.

#1 FOR RESPECT, TRUST & PRIDE

The Team is the most respected, and the most trusted by Australians to uphold the integrity of the sport, and it's the team Aussies are most proud of.

OUR CORE – GAMES DELIVERY

Paralympics Australia is world-leading in Games delivery, managing, preparing and coordinating the delivery of the Australian Paralympic Team to achieve success at the Paralympic Games.

However, underinvestment and policy inequity within the HP system has resulted in the Australian Paralympic Team sliding down the medal table at each Games since London 2012.

With the right level of resourcing and an equitable HP system that values and develops Para-athletes, combined with our world-leading Games delivery, we can once again be world-leading in results.

RECONCILIATION ACTION PLAN

Paralympics Australia is beginning our RAP journey in 2023 by committing to a 'Reflect' RAP.

Reconciliation Australia encourages organisations with a Reflect RAP to scope and develop relationships with Aboriginal and Torres Strait Islander stakeholders to find a strong vision for our RAP journey that will advance Reconciliation and provide equity to our First Nations community members.

By formalising our commitment to Reconciliation through our first RAP, PA pledges to acknowledge and advocate for the diverse cultures and histories of Aboriginal and Torres Strait Islander peoples through sport.

The formation of our RAP is a significant milestone in PA's journey and provides a structured framework for us to take direct action to support First Nations athletes, coaches and officials, and connect with Aboriginal and Torres Strait Islander communities. As our RAP evolves, we will continue to bring Reconciliation to the forefront of Paralympics Australia's work.
